I was told you two will be coming tomorrow.

I will send address in a few.

Not sure about how many kits – I say bring as many as possible. We can always ship them to another location if we don't use them here.

We haven't been given instructions on where to go or when. Waiting to hear back from Janetta.

Water kits should arrive here at the EPA lab in Houston at 5 p.m.

We're planning to bring some with us.

Do you know how many we should bring?

Good Afternoon,

I wanted to provide my contact information with you since it appears we will be working together very soon.

If you call my desk phone 913 551 7699 it will roll over to my EPA cell phone 816 589-5290.
